A list of athlete names will be available at this gate and all athletes will be required to provide their name and be checked against the entry list.

Athletes will receive one (1) Athlete accreditation pass which will provide entry into the venue.

Coaches that were listed by athletes on their nomination form will receive one (1) Coach accreditation pass which will provide entry into the venue.

3. Athlete Check In

All athletes are required to check in no later than 90 minutes prior to the advertised start time of their event when they will also collect their bib. If you need to withdraw or after the first event you need to withdraw from any further events, please report to Competition Management ASAP so the start lists can adjusted as needed.

4. Competition Bibs

Athletes will receive one bib only displaying the athlete's name. In track events the bib must be worn on the front of the uniform, for field events athletes may choose to wear the bib on either the front or the back of their competition uniform firmly attached with no less than four (4) pins. The entire bib including sponsorship information must be always visible and no part of the bib shall be folded under the uniform.

Bib Collection will be at the stadium at the main entry gate. Athletes will receive their bib and accreditation at the same time.

Athletics Australia will enforce World Athletics Rules TR 5.9 & TR 5.11, which render an athlete liable to disqualification if s/he tampers in any way with the competition bib.

5. Uniforms

Athletes can wear the uniform of their choice. All uniforms must comply with the World Athletics advertising regulations for invitational meets. (WA Rule C7.4)

Particular attention is drawn to the Nike Pro and similar instances with other manufacturers, where oversized branding around the top bands of lower body garments is prevalent. Athletes will not be permitted to compete in those items which do not comply with the advertising regulations. Taping or the turning down of such non-compliant items will not be allowed. To avoid stress on arrival at the Call Room athletes are asked to ensure that they are not wearing these garments for on-field warm-up or competition purposes.

6. Call Room Procedures

A call room will be in operation. All athletes are required to report to the Call Room before all events.

All athletes must report to the Call Room at the designated time for their event. The Call Room is located near SOPAC reception (close to the entry gate-see map below).

TECHNICAL REGULATIONS

Having previously checked in, all athletes must report to the call room on time with their competition bib attached with no less than four (4) pins. Hip numbers will be provided at the Call Room for those events that require them.

In the Call Room, athletes will be expected to demonstrate that their competition uniform and bibs, shoes and other equipment comply with the competition rules. Track athletes will leave the Call Room ready to run.

In exceptional circumstances competition management may allow track athletes to take warm clothing to the start line. If this is allowed, it will be advised at the Call Room and the athletes will be responsible for retrieving their own clothing from the start line.

Athletes will proceed to the start of their event from the Call Room accompanied by a Call Room Judge, Starter's Assistant or Field Event Official. Athletes who proceed to the event not accompanied by a judge or an official may not be allowed to start.

The call times allow for marshalling and movement to the competition site. The remainder of the time may be used to complete the warm-up at the competition site (where the competition site is not in use). Warm-ups are only to be conducted under the supervision of officials.

Field athletes advised that "Confiscated Goods" are to remain in their bags and must not be taken out on the field of play. If they do, they are in danger of receiving a yellow/red card.

All athletes should be familiar with World Athletics Rules relating to shoes and spikes, see the excerpts from the World Athletics Shoe regulations.

At this venue, only Christmas Tree, Half Christmas Tree or Pyramid (including any similar variations) spikes are permitted. Needle spikes are banned and are not used under any circumstances. These will be checked in the Call Room.

- Track events need to be 7mm and Pyramid/Christmas Tree
- Long Jump/Triple Jump need to be 9mm and Pyramid / Christmas Tree
- Javelin/High Jump Jump spikes must not exceed 11mm.
- All spikes must be Christmas Tree (inc Half Christmas Tree), Pyramid or Blanks as per the graphic below.

All athletes should be familiar with World Athletics Rule TR5.2 and World Athletics Shoe Regulations 10 and 11 (the most relevant provisions of which are set out below).

10. Technical Requirements for Athletic Shoes

- 10.1 Unless specifically agreed by the Chief Executive Officer (or their nominee) in writing, any Athletic Shoe worn in Applicable Competitions must, at the points set out in Regulations 10.3 and 10.4 below, have a sole with a maximum thickness as set out in the table in Appendix 3. For the avoidance of doubt, the maximum thickness of the soles excludes the thickness of an additional inner sole, other insertion or addition that are inserted in accordance with Regulation 7.
- 10.2 The sole of the shoe (including the part beneath the heel of the Athletic Shoe) may have grooves, ridges, indentations or protuberances, provided these features are constructed of the same or similar material to the basic sole itself.

TECHNICAL REGULATIONS

11. Athletic Shoes: Spikes

- 11.1 The sole of the shoe (including the part beneath the heel of the Athletic Shoe) may be so constructed as to provide for the use of up to 11 spikes.
- 11.2 Any number of spikes up to 11 may be used, but the number of spike positions must not exceed 11.
- 11.3 That part of each spike which projects from the sole or the heel will not exceed 9mm (for indoor 6mm) except in the High Jump and Javelin Throw, where it must not exceed 12mm. The spike must be so constructed that it will, at least for the half of its length closest to the tip, fit through a square sided 4mm gauge. If the track manufacturer or the stadium operator mandates a lesser maximum, or prohibits the use of certain shaped spikes, this will be applied and the Athletes notified accordingly. The surface (outdoor or indoor) must be suitable for accepting the spikes permitted under this Regulation 11.

For clarity, adding inner soles, other insertions and additions to an Athletic Shoe is allowed but only in the following circumstances:

- (a) *the additional inner sole or insertion is a removable Orthotic (i.e., it cannot be permanently fixed inside the shoe); or*
- (b) *the addition is a heel raise or heel cap (e.g. to jumping shoes) or a brace or strap (e.g. to thrower shoes).*

For the avoidance of doubt, the use of an Orthotic, a heel raise or heel cap as above does not fall within the maximum thickness for soles set out in the table in Appendix 3 of the World Athletics Shoe Regulations, with the intent that any other type of additional inner soles, insertions or additions are not permitted.
