Automatic Nominations for Para Athletes

- 5.18 A Para athlete who is offered a slot by CGF / Glasgow 2026 in an event, will be automatically nominated to CGA for selection, subject to them being eligible for that nomination under Section 3 of this policy. The invitations are expected by 7 April 2026.

Discretionary Nominations for individual Able-Bodied Athletes (Phase 2)

- 5.19 Subject to the rules of the governing body of the Competition relating to the number of athletes who may be entered for each event and for the Team overall, the Selection Committee may exercise discretion to Nominate further athletes to the Team. This discretion will be exercised in line with the aims of this Nomination Policy. This discretion is absolute and need not be exercised.
- 5.20 In order to be eligible for Discretionary Nomination, athletes must meet the eligibility criteria set out in Section 4 – Athlete Eligibility Criteria.
- 5.21 CGA has allocated a quota of 63 athletes for athletics. Clauses 5.19 to 5.31 of the Nomination Policy provides guidance for the Discretionary Nominations in line with this quota. The Discretionary Nominations are identified after the Automatic Nominations (Phase 1).
- 5.22 The Discretionary Nominations (Phase 2) are to be considered and prioritised to Nominate the strongest possible team to produce the highest overall results at the Commonwealth Games.
- 5.23 To provide guidance for this prioritisation, the Selection Committee should give consideration to the following factors (in no defined order):
- achievement of the Automatic Nomination Standard within the Qualification Period;
 - Commonwealth Rankings (using the World Athletics Top Lists Commonwealth Athletes only within the full qualification period) – prioritising a higher-ranking position and closer performance level to medals (noting that World Athletics Top Lists do not separate the nations from Great Britain);
 - previous championship performances which may include any World Athletics Championships, Olympic Games and Commonwealth Games;
 - repeat performances at or near the Automatic Nomination Standard;
 - result(s) at the 2026 Australian Championships;
 - performances throughout, and commitment to, the Summer Series Meets and the Australian Domestic Season;
 - times and distances/heights are a consideration in selection but not the only consideration – ability to perform in championship type competition and likelihood of medal success will also be considered;
 - likelihood of significant future improvement to the 2028 and 2032 Olympic Games;
 - current form and fitness;
 - potential for improvement; and
 - any additional factors deemed relevant by the Selection Committee in consultation with the General Manager – High Performance.
- 5.24 The Automatic Nomination Standards is primarily for Automatic Nominations. In regard to

Discretionary Nominations, the Automatic Nomination Standard is a consideration only and, as an example, does not necessarily prioritise athletes who have achieved the Automatic Nomination Standard above athletes without the standard but a higher Commonwealth Ranking in the same event.

- 5.25 Without limiting its discretion, the Nomination Committee, in consultation with the General Manager - High Performance, may consider any factor, or combination of factors that in its opinion is relevant for consideration when Nominating athletes for the team, including without limitation those factors listed in the Athletics Australia Nomination Policy Aims to identify priority athletes.

Relay Nomination

- 5.26 All relay selections will be made in Phase 2 and where a relay team is selected then it will be made up of 5 athletes.
- 5.27 A relay team (applied separately for each relay) will be selected if:
- 5.27.1 the relay team finishes top four (4) among Commonwealth countries at the 2026 World Relays (order is place in final followed by time order in QR2); or
 - 5.27.2 the relay team is considered a strong medal chance (as evidenced by strong relay results in the full qualification period).
- 5.28 For the avoidance of doubt:
- 5.28.1 all athletes nominated to the relay teams are at the discretion of the Selection Committee and being part of the relay team, which qualified the relay team for the Competition, does not confer automatic status for Nomination; and
 - 5.28.2 this may mean an athlete who is a member of the relay squad that is considered a medal chance may be Nominated ahead of another athlete that is seeking Nomination in an individual event, these considerations are at the discretion of the Selection Committee.
- 5.29 If a relay team is not considered a strong medal chance by the Selection Committee, the Nomination of any members of that team will be on the basis of their individual performances only. In this circumstance, should Australia not be able to Nominate members for that relay squad on individual merits, then a relay entry may not be made in the applicable event.
- 5.30 The Selection Committee has absolute discretion in the Nomination of relay team members (within the Policy Aims) and may consider:
- athlete individual events / performances;
 - overall team composition and the “best” use of the athlete quota;
 - relay performance data;
 - commitment to the relay program; and/or
 - previous relay performances.
- 5.31 If an athlete is Nominated in a relay squad, the relay will form an integral part of that athlete’s competition. Should this not be accepted by the individual athlete and/or coach, that athlete may be withdrawn from the team. If an athlete is Nominated as a relay athlete they may be entered in their individual event at the discretion of the Team Leader, only if there is a vacancy for the entry, and it is in the interest of the final relay team (in the Team Leader’s sole opinion).

6 Nomination Meetings
