

2025 AUSTRALIAN ALL SCHOOL ATHLETICS CHAMPIONSHIPS TECHNICAL REGULATIONS

30 October 2025

Championships in Australia are conducted according to the rules of World Athletics, World Para Athletics, and Australian Athletics.

1 Timetable Changes

The timetable and any changes in the timetable or these regulations are available on the Australian Athletics website.

2 Uniforms

All athletes should wear their approved Member Association uniform – and any variations or transition arrangements agreed between the Competition Manager and each MA. Where MA uniform is unavailable, under-age athletes should wear the uniform of their First Claim Club. All uniform must comply with the [Australian Athletics advertising regulations](#).

Queensland and New South Wales have an exemption until 31 December 2025 for the manufacturer's logos on their uniform.

Particular attention is drawn to the Nike Pro and similar instances with other manufacturers, where oversize branding around the top bands of lower body garments is prevalent. Athletes will not be permitted to compete in those items which do not comply with the advertising regulations. Taping or the turning down of such non-compliant items will not be allowed. To avoid stress on arrival at the Call Room athletes are asked to ensure that they are not wearing these garments for on-field warm-up or competition purposes.

3 Athlete Check In

All athletes are assumed checked in for this Championship. If an athlete needs to withdraw, Team Managers are requested to provide this information to the TIC as soon as possible and ideally before any draw is made (90 mins prior).

Team Managers must advise the TIC two (2) hours prior to the scheduled start time of any relay if they will have a team competing.

4 Scratching from an event

If an athlete fails to participate in an event after confirmation (check in) or does not compete in all rounds of an event for which s/he has qualified, s/he may not be permitted to compete further as outlined in World Athletics Rule TR 4.4. This rule does not apply to an athlete who having confirmed, then withdraws before the closure of the confirmation (check in) time for the first round of that event.

5 Competition Bibs

All athlete competition bibs will be provided to the Team Manager of the Member Association through which the athletes were entered. Athletes should report to their Team Manager immediately upon arrival at the venue unless the Team has made other provision for the distribution of Bibs.

Team Managers may collect the Bibs on Thursday from 12.00noon.

For all athletes in walking events:

- Athletes will receive two numbered bibs. The competition bibs must be worn on the front and back of their competition uniform firmly attached with no less than four (4) pins. The entire bib including sponsorship information must be always visible and no part of the bib shall be folded under the uniform. These numbered bibs will be issued in the Call Room.

For athletes in all other events:

- Athletes will receive one bib only displaying the athlete's name. In track events the bib must be worn on the front of the uniform, for field events athletes may choose to wear the bib on either the front or the back of their competition uniform firmly attached with no less than four (4) pins. The entire bib including sponsorship information must be always visible and no part of the bib shall be folded under the uniform.

Athletes who lose their bibs will need to collect a new bib at the TIC and pay \$20 for a replacement.

Australian Athletics will enforce World Athletics Rules TR 5.9 & TR 5.11, which render an athlete liable to disqualification if s/he tampers in any way with the competition bib.

6 Entries

Entries may only be submitted by Member Associations or Athletics North Queensland. No overseas entries will be accepted. In each age group a maximum of two (2) athletes of each gender may be entered by each MA.

Athletes may be selected and entered by their MA in the same or similar event** in one age group only – which may be their own or, provided they are eligible, a higher one. [For example, an MA could select an athlete in the U15 shot put and the U16 javelin.]

Athletes who are to be entered in a single individual event only may also be entered in the same or similar event** in no more than one higher age group for which they are eligible provided that then remains the only individual events in which they are entered. Where this occurs, athletes may not be entered in both U15/U16 or U17/U18 or U16/U17. There must be two years between age group.

An example is listed below

- U16 SP, DT and HT; or
- U16 SP, U16 DT and U18 HT; or
- U16 HT and U18 HT only [under the specialist only event option]

Subject to the above rules there is no limit on the number of relay events an athlete may participate in but they must not be entered in more than four (4) individual events.

Para entries are only accepted for a single age group “PA”. After all entries are received the athletes will be allocated to the various age groups (U20, U17 and U15) where there are sufficient athletes to conduct that event as a standalone event (at least 3). This is done on the understanding that the groups are merged to ensure no athletes miss out. For example, if 4 athletes are age eligible for U17 and only one for U20 then there will be no U17 event, only U20. Athletes will always use the throwing implements appropriate for their age. Para-athletes may compete in the same or similar events** in one age group only.

If there are less than three entries in any event then events may be combined to make the competition viable. This includes the possibility where (for example) there are three entries in U15 and 1 entry in U17 then there will only be one event conducted, the U17 to allow all athletes to participate.

Same/similar event means 80/90/100/110m hurdles; 200/400m hurdles; 3000/5000metres and 1500/3000/5000m walk and each of the throwing events (regardless of change in weight of implements).

Athletes may only enter events always subject to the following regulations:

- Athletes must be turning 14 years of age in the year of competition to enter any steeplechase or 3000 metres event.
- Athletes must be turning at least 16 years of age in the year of competition to enter any event in excess of 5000 metres or any men’s open throwing, hurdles, or steeplechase event.

7 Warm-up & Training

Warm-up facilities are available at the back of the stadium.

Training will be available 2:00pm - 4:00pm on Thursday 4 December.

8 Accreditation

Accreditation must be collected from the accreditation entry point outside the main gate. Athletes must always wear their accreditation.

Accreditation passes are not transferable. Athletes will not be granted entry to the stadium without an accreditation pass for any reason. Athletes that lose their accreditation will need to purchase an additional one at \$20 from the TIC.

Accredited Australian Athletics coaches who have at least one athlete competing may apply for and will be provided with Accreditation. Accreditation gives access to the venue. Only athletes’ technical officials, staff and media will have access to the competition area (which includes post event and the medal staging area)

9 Call Room Procedures

A call room will be in operation. All athletes are required to report to the Call Room before all rounds of all events.

The Call Room is in the path from the warm-up area to the track near the 1500m start. Enter from the warm-up area only.

Having previously checked in, all athletes must report to the call room on time with their competition bib attached with no less than four (4) pins.

Hip numbers will be provided at the Call Room for those events that require them.

In the Call Room, athletes will be expected to demonstrate that their competition uniform and bibs, shoes and other equipment comply with the competition rules. Track athletes will leave the Call Room ready to run.

In exceptional circumstances competition management may allow track athletes to take warm clothing to the start line. If this is allowed, it will be advised at the Call Room and the athletes will be responsible for retrieving their own clothing from the start line.

Athletes will proceed to the start of their event from the Call Room accompanied by a Call Room Judge, Starter's Assistant or Field Event Official. Athletes who proceed to the event not accompanied by a judge or an official may not be allowed to start.

The call times allow for marshalling and movement to the competition site. The remainder of the time may be used to complete the warm-up at the competition site (where the competition site is not in use). Warm-ups are only to be conducted under the supervision of officials.

If an athlete is already or likely to be competing in another event at the designated call time the athlete or someone on his/her behalf must notify the Call Room prior to the designated call time.

Please note that Para Wheelchair athletes will not be able to take their day chairs into the Call Room (except for those in seated throws).

The athletes and their running order in relays are provided in the Call Room by competing teams. Teams are expected to arrive with the team list in the correct order on the appropriate form.

The final entry time to the Call Room are as follows (times are prior to the scheduled start time). Note that these times are for closing the Call Room for these events, there will be a call for athletes 5 minutes before these when the Call Room will open for the event.

Event	Entry time to call room
Pole Vault	70 minutes
Discus, Javelin, Hammer, High Jump	45 minutes
Long & Triple Jump, Shot Put	35 minutes

14 Field Events

The competition order will be changed after round 3 only. **In Para events, the competition order will not be changed.**

The following boards will be used for triple jump Championships and will not be changed.

Pole Vault Dispensation: For the Under 18 age group and lower for women and the U16 age group and lower for men, at the discretion of the Chief Judge at the event, a trial may be deemed valid where the athlete made a reasonable attempt to push the pole back in the direction of the runway, but the wind then caused the bar to be dislodged by the pole.

All athletes in **seated throws** will do their throws consecutively. A reasonable amount of time will be permitted for an athlete's throwing frame to be secured in the circle before the athlete attains a seated position on the throwing frame. The maximum time allowed for athletes to secure themselves to the chair and have as many warmup throws as time permits is:

- 4 minutes for F32-34 and F45-57
- 5 minutes for F31 and F51-53

Athletes will be allowed a one-minute break between their third and fourth throws.

Athletes who wish to include their own throwing implements in the equipment pool (which may be used by any athlete in the same competition), must lodge them with the Technical Manager at the **Technical Room**, no later than **three (3) hours**, before the scheduled start time of their event on the day of competition or on a previous day (for events that are held early in the morning). The technical room will not open before 7.00am each morning so athletes need to be aware of close off times.

Any such implements will be impounded until after the competition when athletes may collect them from the Technical Room. If qualifying is held in field events and personal implements are lodged, and the athletes that lodged them make the final they will be impounded until the final is held.

Please note that World Athletics TR32.2 limits the number of personal implements added to the pool per person to a maximum of 2. There should be no **rough stickers** on the discus. **The ends of the hammer wire shall be covered by “clear plastic tubing to prevent the wire unravelling during competition.”**

Athletes are to provide their own vaulting poles. Australian Athletics will not provide poles. Poles must be lodged at the Technical Room no later than **three (3) hours** prior to the event and be clearly labelled with the athletes NAME, CONTACT NUMBER and EVENT (& AGE GROUP).

17 Race Walking - Penalty Zone

The Penalty Zone will be in place for the race walking events 5000 metres and longer.

18 Para Athletics - Classification

An athlete intending to compete in a Para Athletics event must have a formally recognised National or International Level Classification.

19 Para Athletics - Baseline Performances

Baseline provides a simplified way for athletes, administrators, and coaches to compare performances in multi-class events across all athletes with an eligible classification. Baseline uses a base time/distance/height in each class for each contestable event and measures this against the individual athletes' performance to generate a score.

Australian Athletics (AA) may change or amend the Baseline guidelines and associated resources (including base performance) at any time. For further information on Baseline performance and the Baseline performance template please head to the Australian Athletics website.

20 Para Athletics - Deaf Athletes

Starting lights systems are regarded as personal equipment and the athlete needs to provide their own. Athletes requiring deaf lights should fill out the appropriate form (available on the website) and submit it to TIC the day before the competition.

21 Para Athletics - Guides

T11-12 Guide Runners, all athletes in the T11 classification run with a guide and are blindfolded, T12 athletes have the option to use a guide. F31-33 and F51-54 can have one "guide" per athlete per event.

T11/12 – Can have two (2) guides for jumping events. F11/12 – Can have one (1) guide for throwing events.

24 Post Event Procedures

At the conclusion of each event (including field events, heats, and semi-finals) athletes must report immediately to Post Event Control located near the finish line end of the track. Doping control may be conducted. If athletes have other events or duties (such as interviews or presentations) they should sign the acknowledgement and ask the chaperone to wait.

25 Medal Presentations

After the championship finals, medal presentations will be made as soon as possible after the event. All placegetters are asked to assist with this procedure by going with an official at the completion of the event. Each athlete must wear either their competition singlet or tracksuit top for the presentation.

All medals, including para, (gold, silver, bronze) will only be awarded if three (3) or more athletes/teams participate in the event. Where two athletes/teams participate then only the gold medal will be awarded. There will be no medal awarded where only one athlete participates.

For Underage Para the results from Ambulant, Wheelchair/Seated and Frame Running will be combined to produce a final result.

- 5th= 5 points
- 6th= 4 points
- 7th= 3 points
- 8th= 2 point
- 9th = 1 point

Only one athlete per state will score points. This athlete will automatically be determined as the first finisher from the state. All other competitors will be non-scoring. If a state is not represented in a final, performances from heats will be used to determine the allocation of points.

27 Protests & Appeals

These must be lodged initially with the relevant Referee as per World Athletics Rules (WA TR8).

Appeals to the Referee Review Panel can be made after a Protest to the Referee is dismissed, are to be made in writing on the appropriate form and lodged with the \$50 fee. The Referee Review Panel (replacing the Jury of Appeal) will operate as below:

For the avoidance of doubt, this Panel will act in place of the Jury of Appeal and no Jury of Appeal shall be appointed for these competitions. Two panel members shall hear any appeal. Panel members will be nominated by the Technical Delegate(s) (or the Competition Director if Delegate(s) are unavailable) from amongst the other referees appointed for the competition, provided that any such person is not involved in the matter which is the subject of the appeal.

The Referee's Decision Review Panel shall discharge its duties in accordance with the World Athletics Rules applicable to Juries of Appeal and any variations prescribed by or arising from these General Rules. A member of the Referee's Decision Review Panel shall make a report to the Competition Director detailing any appeals heard and the decisions made.

If at least one Member of the Panel agrees with the original decision of the Referee, such decision shall prevail. If both members disagree, they shall make a decision which shall be substituted for the original decision. Alternatively, the Panel may request the Referee to make a new decision with which they agree.

For out of stadia championships, trials or World Ranking Competition or World Athletics Label Race conducted under the direct jurisdiction of Australian Athletics, where no other referees have been appointed, no appeal shall be allowed, and the decision of the Referee shall prevail. In accordance with World Athletics Rules, where new evidence becomes available such Referee shall fully review their original decision.

Eligibility protests under World Athletics Technical Rule 8.1 shall be dealt with by the Technical Delegate(s). Any appeal shall be dealt with by the relevant governing body – for national events, Australian Athletics and for events below national level, by the relevant Member Association under whose jurisdiction the event is being conducted.
