Jumps Coaches in Residence Program

Australian Athletics is inviting applications from coaches to spend time learning from elite jumps coaches in their daily training environments.

Background

Australian Athletics has several highly qualified and experienced jumps coaches who have consistently demonstrated the ability to develop junior talent through to elite senior international levels. These coaches have the knowledge, experience and expertise required to develop athletes capable of winning on the world stage.

The Jumps Coaches in Residence Program aims to share this collective expertise with developing jumps coaches to support their professional development and, ultimately, the development of their athletes.

The program is targeted at system and personal coaches who are contributing to Australia's preparation for the 2028 Los Angeles and 2032 Brisbane Olympic and Paralympic cycles.

Program Information

The participating elite jumps coaches are:

- **Mike Barber** – Queensland Academy of Sport, Brisbane
- **Andrew Murphy** – New South Wales Institute of Sport
- **Matt Horsnell** – Central Coast, New South Wales

Successful applicants will have the opportunity to spend up to one week shadowing an elite coach in their daily training environment.

Developing coaches may also bring one or two of their own athletes to train alongside the elite coach's group, providing a valuable opportunity for both coaches and athletes to learn and develop.

The timing of each residency will be negotiated and mutually agreed upon by the elite and developing coaches.

Grants of up to **$1,500** will be available to assist with costs associated with each coach's residency.
